

How so?

At Compass Community Health, we take a “patient-centered” approach to healthcare.

What does that mean?

1.

“Patient-centered” means you’re treated regardless of your insurance type or ability to pay.

What’s the treatment like?

4.

Compass offers comprehensive care

### MENTAL HEALTH

Our Psychiatric Mental Health Nurse Practitioners specialize in symptoms and disorders.

### COUNSELING

Our counselors are available for counseling & therapy needs.

### MEDICATION MANAGEMENT

Education and consultation on effective medication dosing and use.

### PHARMACY

We can fill all prescriptions and OTC medications with competitive pricing and quick, personalized service.

### PRIMARY CARE

From colds to chronic conditions. Our care is comprehensive & compassionate.

### CARE COORDINATION

Our staff works together and advocates for a healthier you.

### WOMEN’S HEALTH

Preventative screenings like pap tests, mammograms, and more for your best life.

### PEDIATRIC THERAPIES

Specialized Occupational & Speech Therapy for healthy child development.

### AUTISM TESTING

Comprehensive testing to rule in/out Autism Spectrum Disorder.

Who runs this place?

5.

Our Board of Directors are local leaders and representative of our communities & patients too!

6.

Health

2.

And, our providers are accountable to quality patient outcomes.

Surely it's not 100% free... that's too good to be true... what's the catch?

3.

Depends on your level of need. We offer a sliding fee scale.
